SUBJECT (Descriptive title. Use individual reports for separate subjects) (UICD) Overflight of Iran by Unidentified Objects			
SUMMARY (Give summary which highlights the salient factors of narrative report. Begin narrative text on AF Form 112a unless report can be fully stated on AF Form 112. List inclosures, including number of copies)			
<p>1. Reproduced verbatim herein are three reports of unidentified flying objects submitted by the ICA Area Development Advisor for Ostan 2 (Mazanderan Province), located at the east end of the Caspian littoral.</p> <p>2. Intelligence significance hereof is that the Iranian population continues to demonstrate an interest in such overflights and is sufficiently motivated to report them to American authorities. The number of incidents of this nature, reported by many sources, has shown a marked increase, particularly in the last six months.</p>

is just a "report" - but
an "unknown" is not
an "object" (619)

SUPPLEMENT TO AF FORM 112

ORIGINATING AGENCY USAirA, Iran	REPORT NO. IR-131-58	PAGE 2 OF 2 PAGES
------------------------------------	-------------------------	-------------------

1. Reproduced verbatim below is a memorandum to the Assistant Director, USOM/I, submitted by Mr. [REDACTED], Area Development Advisor, Ostan 2, Babolsar, dated 11 February 1958:

TO : Mr. Robert C. Hamer, Assistant Director, Tehran
FROM : [REDACTED], Area Development Advisor, Ostan 2, Babolsar
SUBJ : Flight of Jet Plane Over Area

Considerable excitement and speculation was caused by the passage of an unidentified airplane over the area at approximately 12:30 on Sunday, February 9th. The plane was so high that it could not be seen and the sound of the motors could be heard only faintly. It passed directly over Babolsar coming in from the northwest over the Caspian Sea and proceeded in easterly direction toward Gorgan. Only two vapor streams were visible. The local population speculated that it might be a Russian rocket or a satellite. It is my belief that it was a stratospheric jet plane."

2. Reproduced verbatim below is a memorandum to the Assistant Director, USOM/I, submitted by Mr. [REDACTED], Area Development Advisor, Ostan 2, Babolsar, dated 15 February 1958:

TO : Assistant Director, USOM/I, Tehran.
FROM: Area Development Advisor, Ostan 2, Babolsar
SUBJ: Unidentified Objects in the Sky

Further to my memorandum of 11 February, 1958, subject, flight of Jet Plane over area, the following additional unidentified objects have been reported being seen in this area:

a. A confirmed report that an object similar to the one reported in my memo of 11 February passed from east to west along the southern shore of the Caspian at approximately 11 AM, Friday, February 14th.

b. An unconfirmed report that fisherman saw an unidentified light passing through the sky over the Caspian on the night of February 12th.

The population seems to be getting missile conscious and are engaging in speculation that these objects are Russian missiles."

3. Reproduced verbatim below is a memorandum to the Assistant Director, USOM/I, submitted by Mr. [REDACTED], Area Development Advisor, Ostan 2, Babolsar, dated 3 March 1958:

TO : Assistant Director, USOM/I, Tehran
FROM : Area Development Advisor, Ostan 2, Babolsar
SUBJ : Unidentified Object in the Sky

On the morning of Monday, February 17, a fourth unidentified object was seen in the sky. The other three had been previously reported. This object consisted of twin vapor trails approaching the Caspian from the south at approximately 0610 AM, apparently from the direction of Poli Sefid. Upon reaching the Caspian it made an approximate 180 degree circle toward the east and disappeared in a south by slightly east direction in the approximate direction of Semnan. It was visible from Babolsar for approximately 30 minutes. It appeared to me to be a jet plane at approximately 30,000 feet."
